1. The first of the two main reasons for the failure of the 1970s was the failure of the 1970s to achieve its goals. The 1970s was a decade of economic stagnation, with inflation rising and unemployment falling. The 1970s was also a decade of social and political unrest, with the Vietnam War and the civil rights movement. The 1970s was a decade of failure, and it is this failure that has led to the current economic and social problems.
